MEMORANDUM FOR: Chief, International Trade and Services Division, ORR  
ATTENTION : [REDACTED] MS/CST  
THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS  
FROM : Chief, Photographic Intelligence Division, CIA  
SUBJECT : Moscow Airframe Plant Fili No. 23 ILLEGIB  
REFERENCES : (1) ORR Requirement No. C-RR5-82,573  
(2) CIA/PID Project No. 30667-5

1. This memorandum is in response to the above referenced requirement concerning Moscow Airframe Plant Fili No. 23. The purpose of the project is to determine the status of two areas cited as "construction activity" in report number CIA/PIR-42/64.

25X1D 2. In the large area adjacent to building number 12 (CIA/PIR-42/64), a large probable machine shop/workshop has been erected. This building, measuring 610 x 260 with an estimated height of 50 feet, is now in the final stages of construction. Ground scarring for this building was first evident on [REDACTED]. Activity in the second  
25X1D area can not be determined at this time because of the poor quality of the photography over this portion of the plant. Photography used for this project was from [REDACTED].

3. All measurements have been made by the CIA/PID project analyst. They should not be construed as being mensuration data compiled by the NPIC Technical Intelligence Division.

4. The photo analyst for this project was [REDACTED], who may be contacted on extension 2547 should there be any further questions. This project is complete as of the date of this memorandum.
